

```
cimg_library_suffixed  
::CImg::resize_object3d
```

```
graph LR; A[cimg_library_suffixed::CImg< charT >::get_select] --> B[cimg_library_suffixed::CImg::resize_object3d];
```

A diagram showing a call from a white box to a grey box. The white box on the right contains the code `cimg_library_suffixed::CImg< charT >::get_select`. A blue arrow points from this box to a grey box on the left, which contains the code `cimg_library_suffixed::CImg::resize_object3d`.

```
cimg_library_suffixed  
::CImg< charT >::get  
_select
```
