

```
nta::PrimitiveBatch  
::createRenderBatches
```

```
graph RL; A[nta::PrimitiveBatch::end] --> B[nta::PrimitiveBatch::createRenderBatches];
```

A diagram showing a call from `nta::PrimitiveBatch::end` to `nta::PrimitiveBatch::createRenderBatches`. The call is represented by a blue arrow pointing from the right box to the left box. The left box is shaded gray, and the right box is white.

```
nta::PrimitiveBatch::end
```
