A diagram showing a relationship between two code snippets. On the left is a grey rectangular box containing the text 'glm::tanh'. On the right is a white rectangular box containing the text 'cimg\_library\_suffixed' on the first line and '::Cimg< charT >::tanh' on the second line. A blue arrow points from the right box to the left box, indicating that the right-hand code is an overload or specialization of the left-hand code.
